

David McCandless

Information is Beautiful

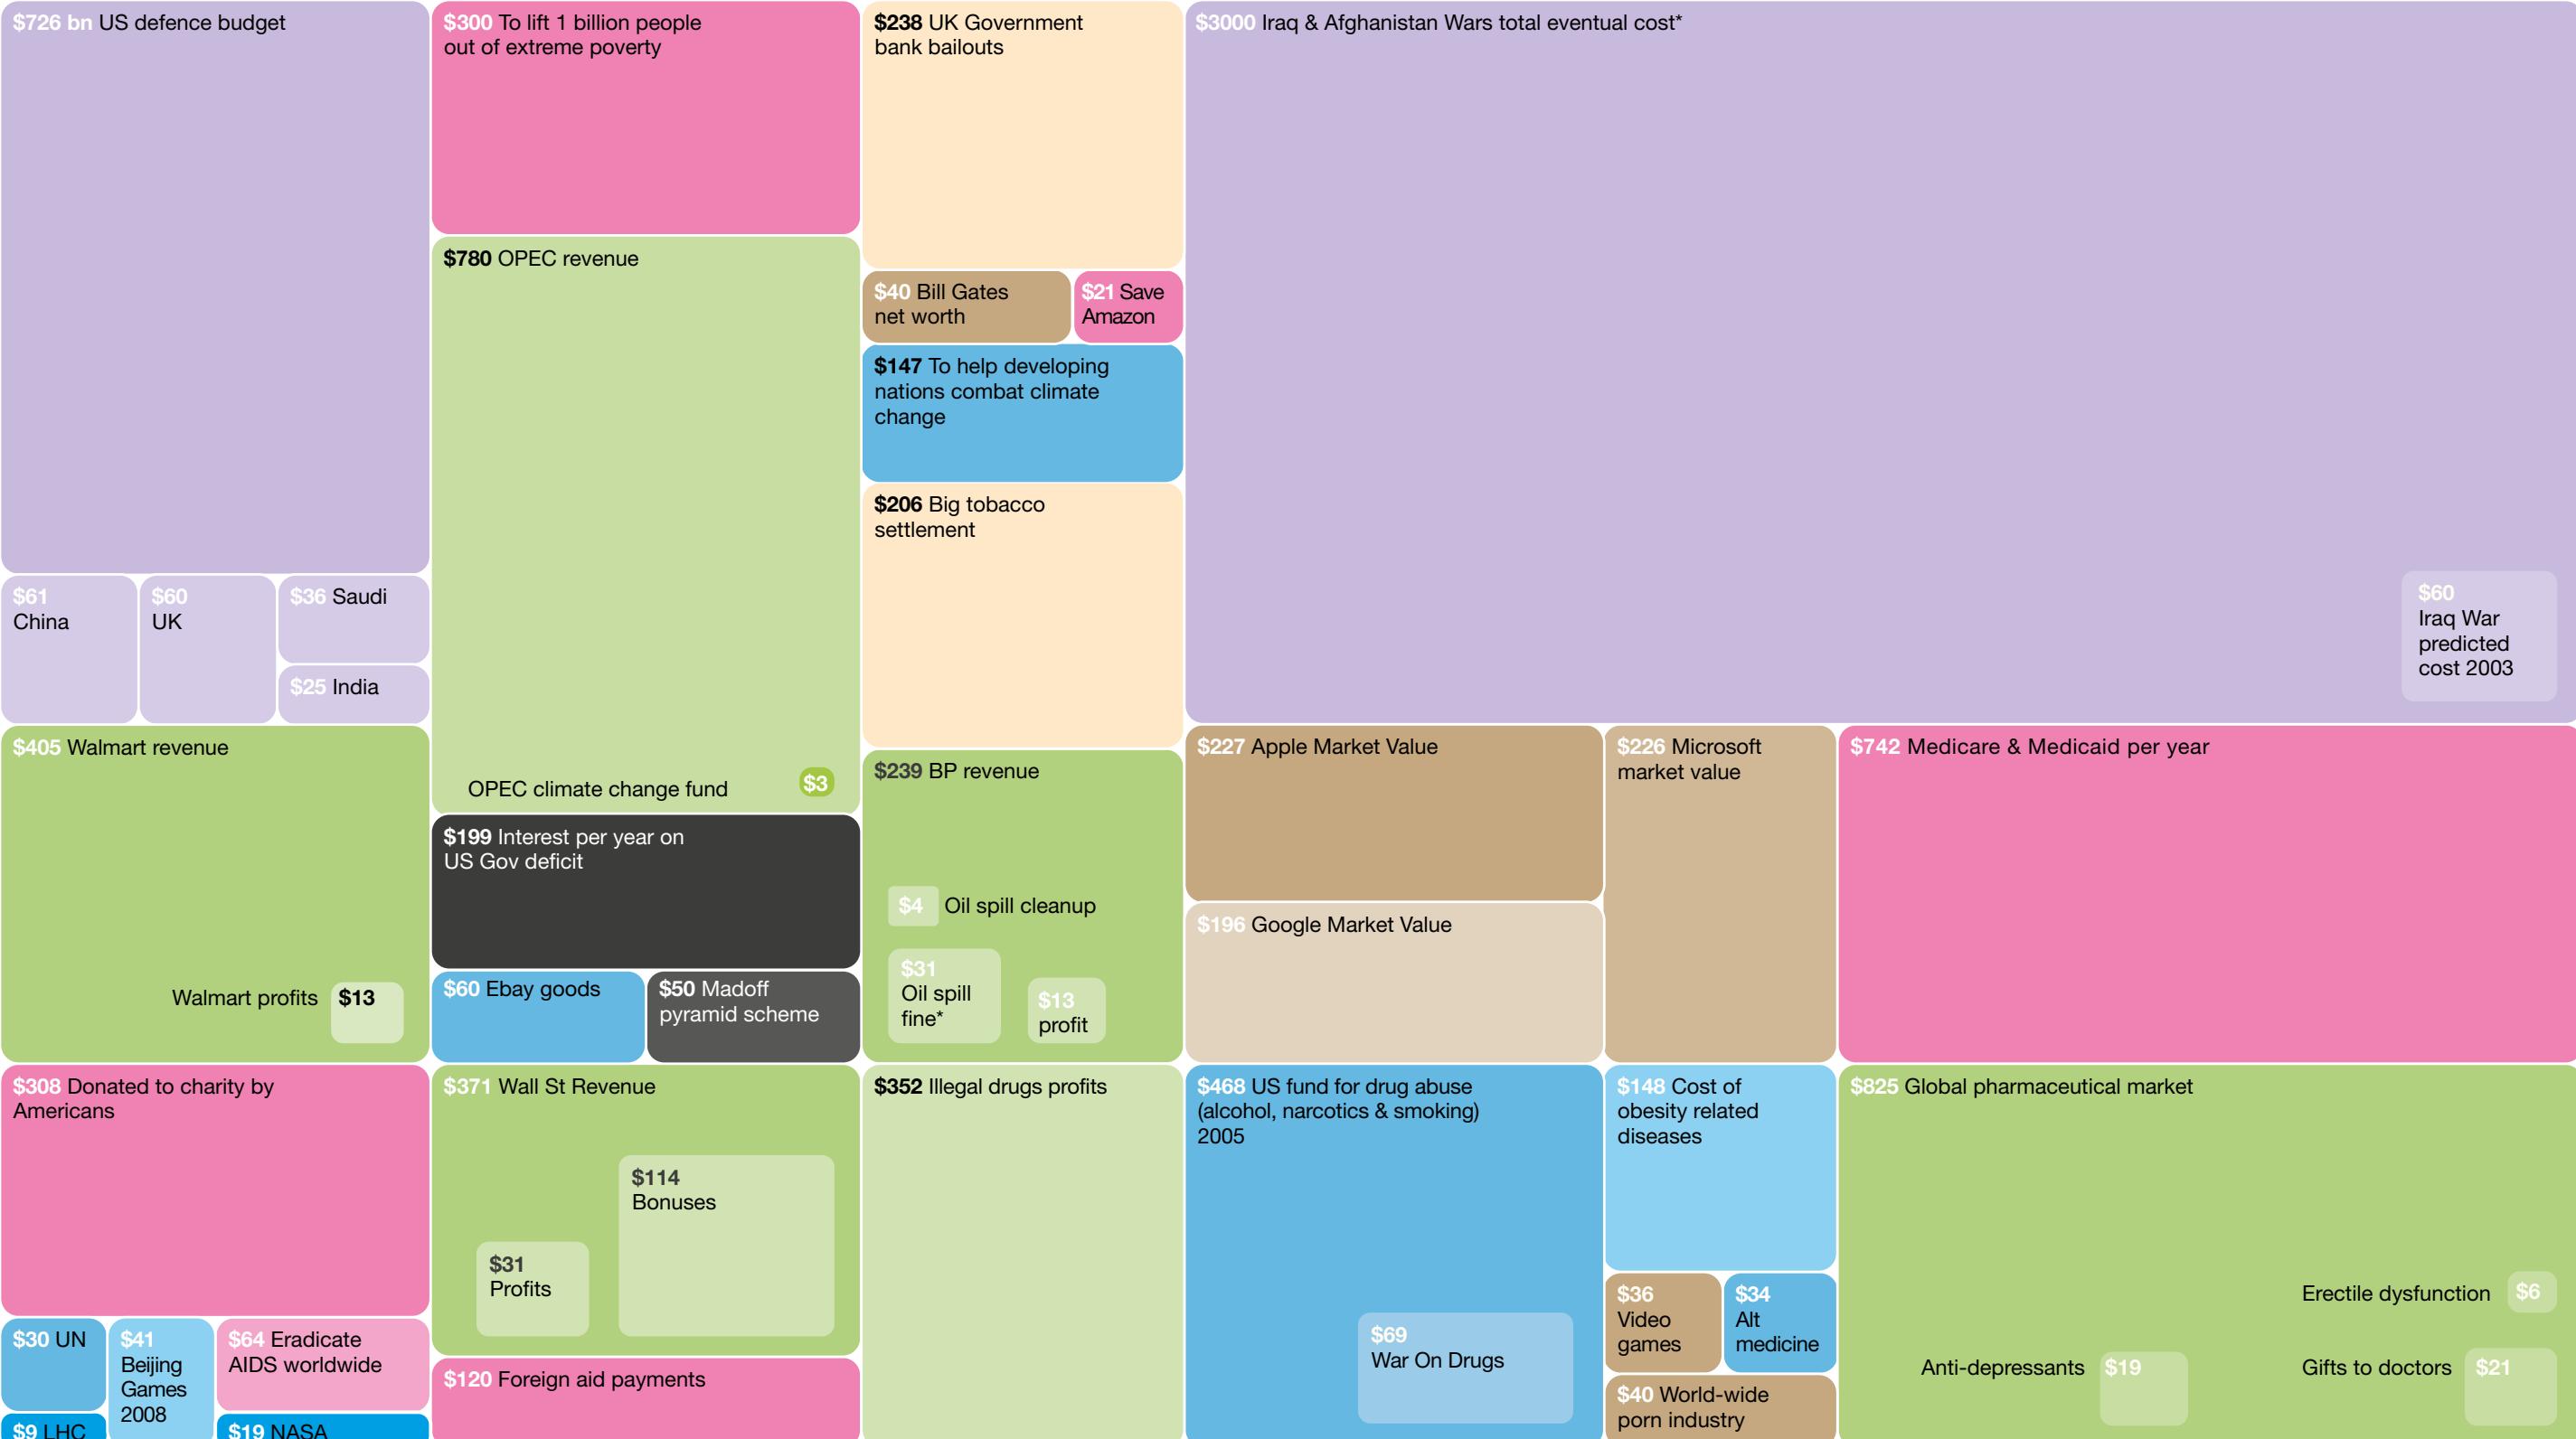

hello

Thanks for downloading this sampler of my first book, Information is Beautiful - or, if you're in the US, The Visual Miscellaneum (long story).

This book is really about the relationship between facts: the context, the connections, the contrasts. That's often what makes information and data meaningful - and visually interesting, approachable, and beautiful.

See what you think.

David McCandless

Billion-Dollar-O-Gram

Billions spent on this. Billions spent on that. It's all relative, right?

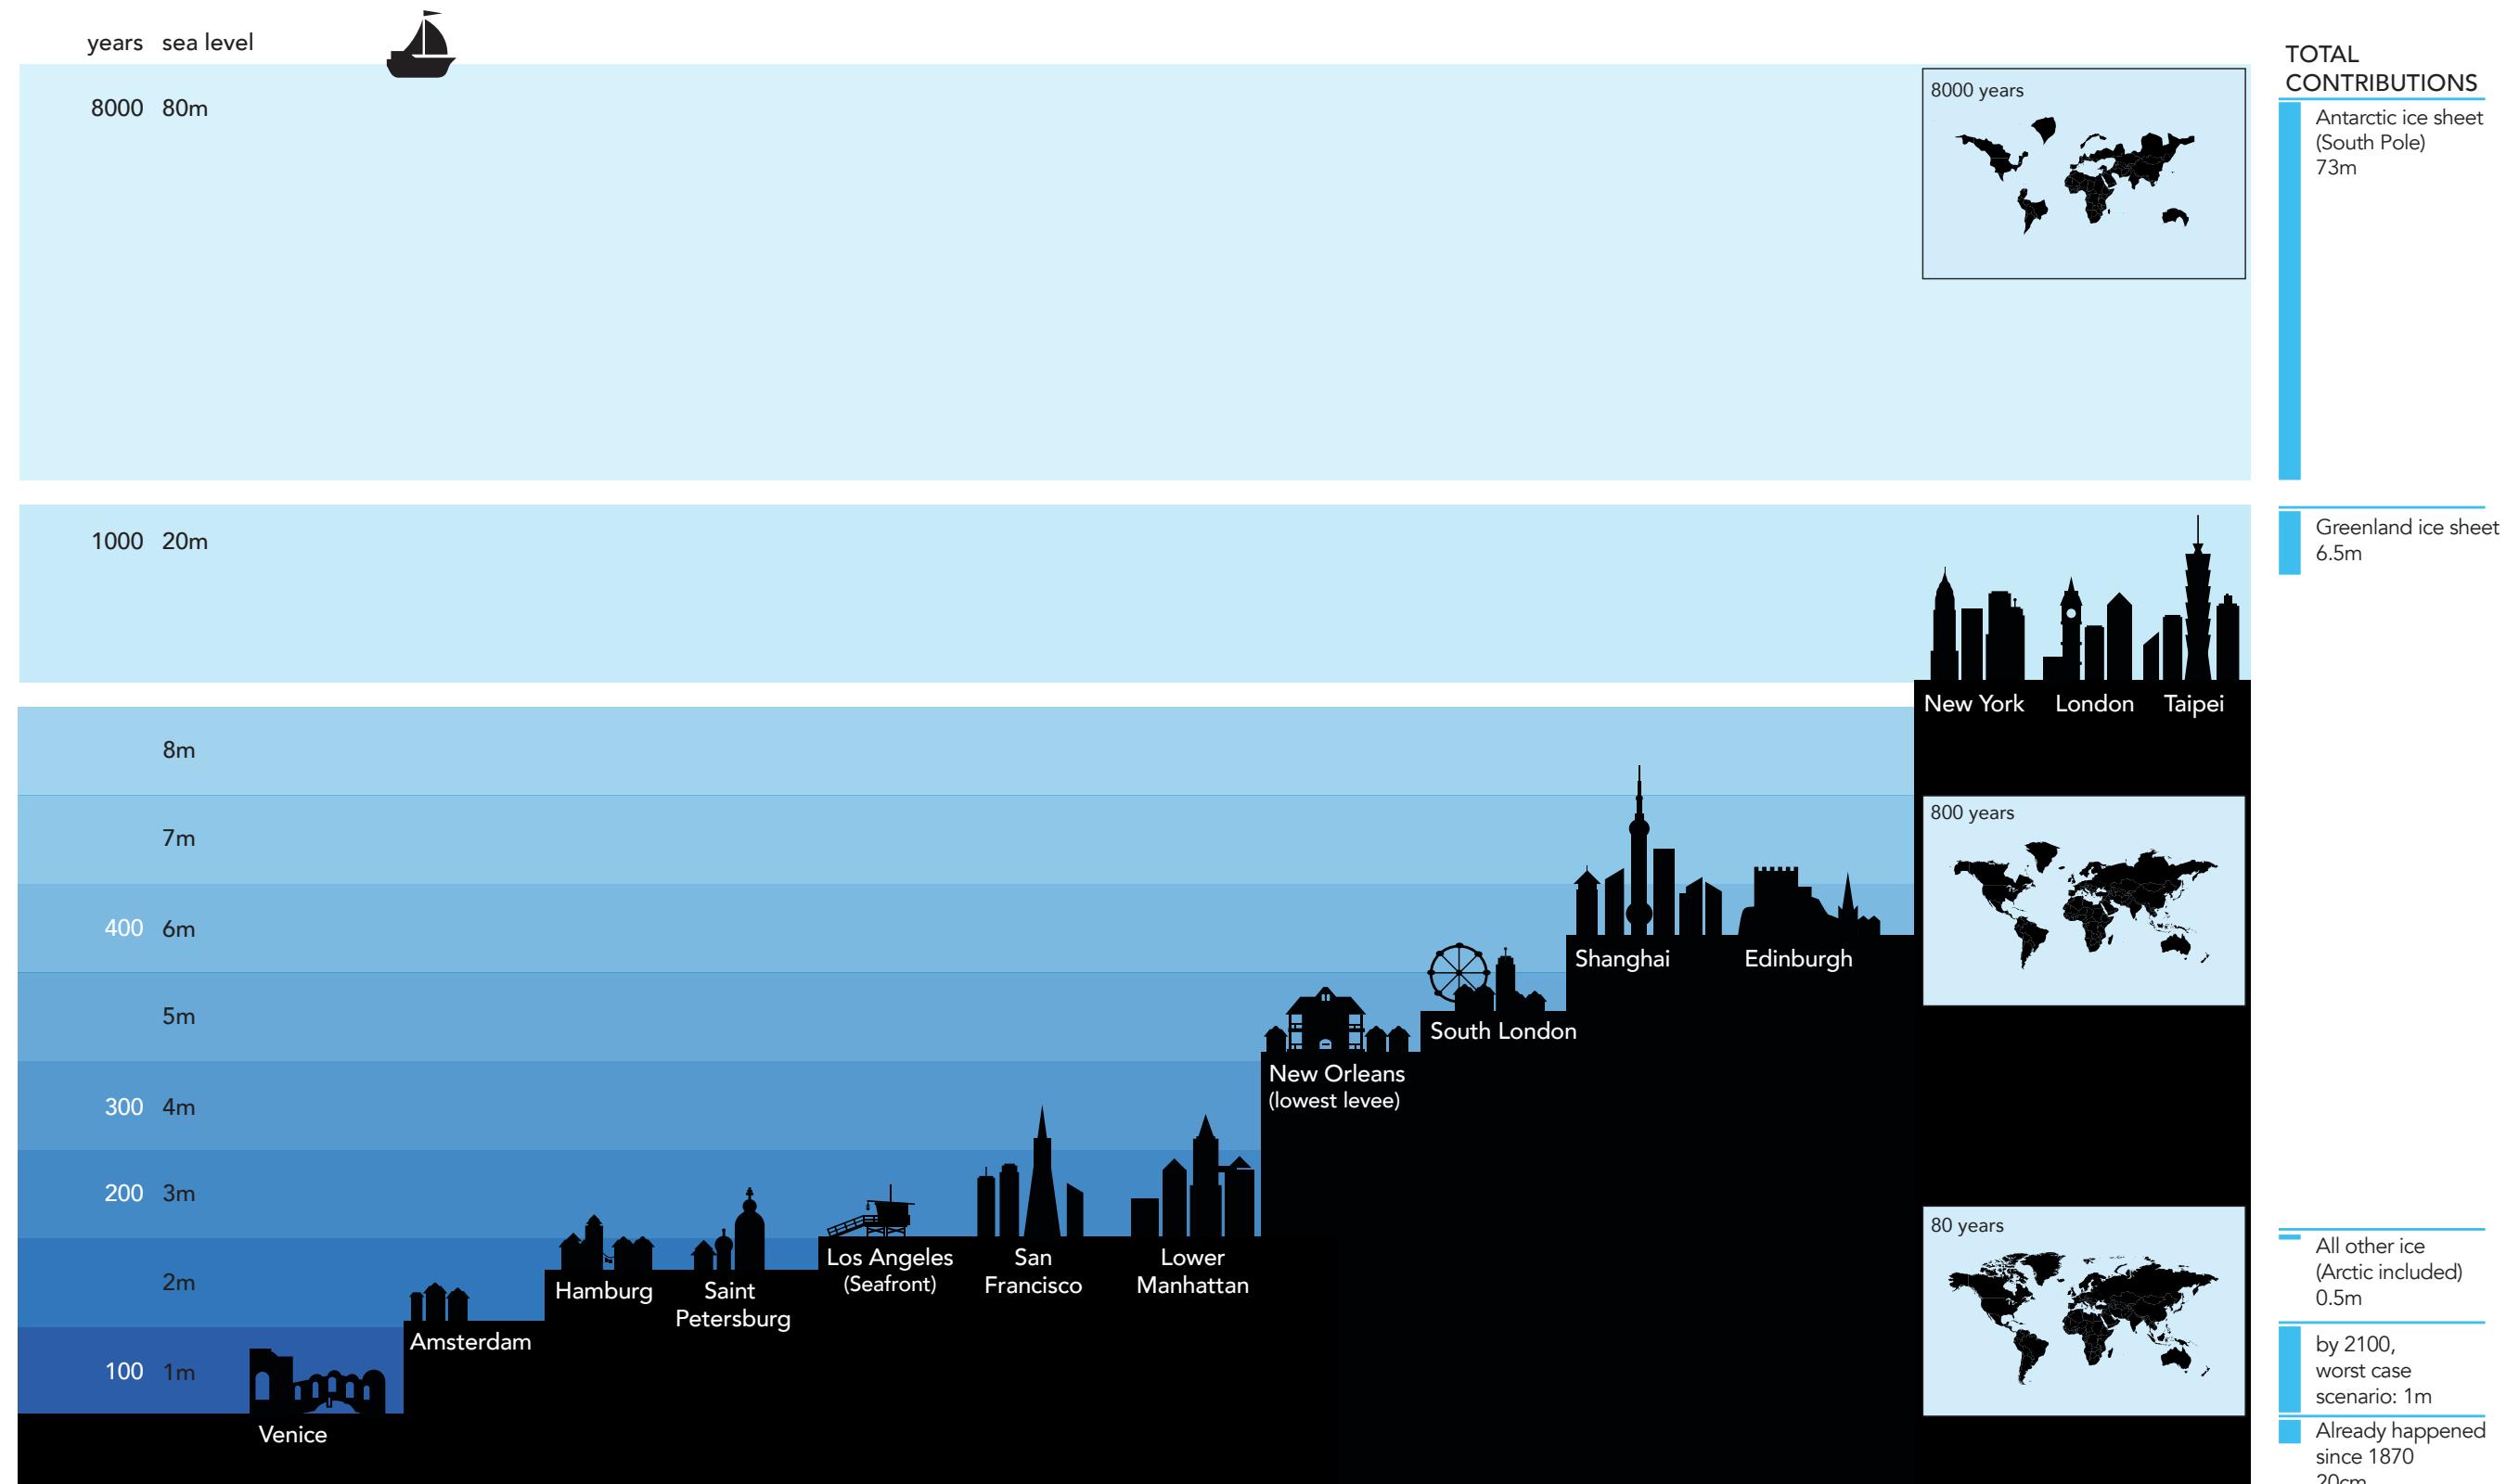

Books Everyone Should Read

A consensus cloud

All Quiet on the Western Front
Anne of Green Gables Emma The Picture of Dorian Gray Atonement
Of Mice and Men Life of Pi Madame Bovary A Clockwork Orange
The Jungle Lonesome Dove The Time Traveler's Wife Wuthering Heights Of Human Bondage
